

ARE YOU SLEEP AWARE?

We are currently seeking participants for NYU Langone's Sleep AWARE study. This study will examine how race, ethnicity, and sleep impact an individual's risk for developing Alzheimer's disease.

Why Participate?

- Your contribution will help provide a deeper foundation for medical interventions that target Alzheimer's Disease & Dementia within minority communities
- You will receive free cognitive evaluations and a bloodwork summary
- You will receive a sleep study and a comprehensive sleep report
- You will be compensated for your participation in this study

Who is Eligible?

You may be eligible if you are between the ages of 60-75 and have not been diagnosed with sleep apnea or cognitive impairments.
