

How to Connect with Social Media and Text Alerts

If you would like to connect your NAMIWalks page to your social media accounts or subscribe to text message alerts, follow the instructions below.

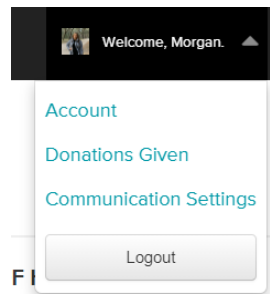

Login

Go to your NAMIWalks website and click the LOGIN button at the top of your screen. Login with your username and password.

Go to Settings:

Once you are logged in, click on the “Welcome, Your Name” tab in the upper right hand corner. Select **Communication Settings** from the drop-down list.

LOGIN 

Connect with Social Media:

This will take you to a page where you can connect your NAMIWalks account to your Facebook and Twitter accounts. Simply click **Connect** next to the social media of your choice (or both). You may choose to disconnect here at any time.

When connected, NAMIWalks will post to your Facebook or Twitter page whenever you make or receive a donation. This will encourage additional fundraising!

Subscribe to Text Alerts:

To receive text alerts, click **Subscribe** next to the Text Alerts option. Then confirm or change the mobile phone number and carrier provided. Finally, click the **Subscribe** button.

You will receive text messages for updates such as whenever you receive a donation or (for Team Captains) when someone joins your team. You may unsubscribe here at any time.
